

[CHRONOS - Platform of E-learning for history, geography and Macaronesian culture](#)

(Ref. 05/MAC/2.3/A4)

Characterization:

The Chronos is an Interreg e-learning project about history, culture and geography of the Macaronesian archipelagos that through the cooperation of partner organizations, will create content sets, allowing a global view of the history of Atlantic islands that make up the Macaronesian and creating a common center of historical and cultural heritage of the regions, serving as a repository of digital documents and publications.
